Easy HDTV Crack + Download

Version 1.02: * This program plays back HDTV video and audio from an ATSC tuner card. * The ATSC Digital Television standard defines multi-channel HDTV. * The ATSC Digital TV standard defines various resolutions for 720p, 1080i, 1440p and 2160p HDTV video. * High definition TV pictures are displayed in the high pixel resolution required by the HDTV standard (e.g. 1920x1080p, 1280x720p, etc). * The ATSC standard does not require the display of ancillary video, such as Closed Caption (CC) over the main HDTV picture. * Easy HDTV supports the ATSC standard and provides CC as if you were watching regular television in HDTV. * One of the buttons of the remote control sends or receives broadcasts of the selected ATSC channel. * The following operating system is required: Windows 2000, Windows XP, Windows Vista or Windows 7. * The ATSC signal is taken directly from the tuner card. * No digital video or audio signals (such as a DVB tuner or DVD player) are required. * The user is required to watch only for CC. * The audio quality is superior to regular cable TV. * The DVD player is used only to test audio channel selection. * To the best of our knowledge, it works on all satellite receivers. Easy HDTV supports the following ATSC standard: * The ATSC Digital Television standard defines various resolutions for 720p, 1080i, 1440p and 2160p HDTV video. * High definition TV pictures are displayed in the high pixel resolution required by the HDTV standard (e.g. 1920x1080p, 1280x720p, etc). * Easy HDTV displays the High Definition Menu (HD menu), whatever the selected resolution. * An optional Audio Program Number (APN) channel selection feature is supported. The APN channel selection option can be found in the EasyHDTv menu by clicking the menu logo. * The HD resolution of 720p, 1080i and 1080p are supported. * The following operating system is required: Windows 2000, Windows XP, Windows Vista or Windows 7. * The ATSC signal is taken directly from the tuner card. * The audio quality is superior to regular cable TV. * The DVD player is used only to test

What's New In?

Easy HDTV has three main functions: 1. ATSC Tuning 2. ATSC Tuning: Guide 3. Live Television: Watch TV Easy Tuning will guide you through the steps required to tune your television to receive a local ATSC digital broadcast channel. Easy Tuning allows you to browse through the channels by band, frequency, or channel number with the help of a channel list. Easy Tuning allows you to easily find an ATSC digital channel for viewing. Easy Tuning guide includes: · Channel Number · Frequency (in MHz, kHz) · Channel List · Band · Band List · About TV tuner Easy TV Guide allows you to turn on and off an ATSC tuner by channel number, frequency, or band. Easy Tuning Guide includes: · Index Channel: Enter a channel number and Easy Tuning displays a list of channels in the viewer's area. · Range: Enter a range of frequencies and Easy Tuning displays a list of channels which fall within that frequency range. · Walk: Enter a channel number and Easy Tuning will move forward and backward to the next or previous channel listed in the channel list. · Skip Guide · Move Guide · Bookmark guide Live TV allows you to watch your favorite programs. For example, Easy TV Guide list all the available ATSC channels for easy switching to a channel you're watching. Not only TV listings, but also sports, movies, and other programs are available for watching. EasyHDTV EasyHDTV is a free application that allows you to watch HDTV on Android Tablets and smartphones. It consists of a Live TV,Guide & Channel List, Tuner & Update and a useful user interface. EasyHDTV (Code: 9781710604856/Free) Overview: EasyHDTV is a software program that allows you to watch HDTV on Android Tablets and smartphones. You can watch standard definition television on your smartphone or tablet. It offers some television functionality. You can connect to any of your home television sets and watch any of its channels directly on your device. EasyHDTV is not a television receiver. It runs on any computer or mobile device. When you download EasyHDTV on your computer or mobile device, you gain full access to all of the channels, features, and other functions of this free program. And when you upgrade to version 3

System Requirements:

Windows 7/8/10 1060g or better Processor 6GB RAM Windows Edition: Win10 Pro 12GB RAM 1024 x 768 Display HDD Space: 25GB To install: Download the installer on your desktop and install it.
