Virginia, but it was eventually determined that pilot error was to blame. Officials confirmed that the pilot was the only person on board the Cessna 172. The plane touched down around 5:15 p.m. Wednesday and apparently tried to take off again before landing at the airport, crashing into a wooded area. Brad Johnson, director of York County public safety, said the pilot, who was not hurt, told investigators that it's possible he may have been talking on his cellphone while trying to take off. The Cessna was recovered and firefighters were working to remove the wreckage from the scene today. Johnson said the National Transportation Safety Board will be investigating. LONG ISLAND -

With enhanced security in place following the deadly bombings at the Boston Marathon, police officers patrolled train stations, bus terminals and airports. But things are generally calm, if not back to normal. The East Hampton Town police department released a statement on Wednesday detailing the security protocol that the department is following since the April 15 bombings that claimed the lives of three people

of the most popular YouTubers in China. He says his channel is “for communication, entertainment, sharing, and fun with his audience.” The videos on his channel are known as dangart. Wang has almost 2 million subscribers and receives 700,000 views a day. His videos are available in three languages: English, Japanese, and Chinese. [embedded content]

Wang Ke According to Wang, he first began uploading in 2013, when he was just 13. He says one of his first videos was a game-theater critique, and during that time, he wanted to become a video-game producer. Since then, he says his channel has grown considerably and has become a popular platform for creators and

gamers. “I have a similar mentality with creators on YouTube.” “I have a similar mentality with creators on YouTube. I think that if you reach out to your audience and talk to them, they’ll give you their support,” says Wang. Even though he has been a YouTuber for more than five years, he still hopes to make his career in the video game industry. The reason for that, he says, is that he wants to work at a company that
