

PROFILE Name: Javier Hernandez (Age: 25, Height: 1.84m, Wears No.21) Javier Hernandez is a Chilean international footballer who plays as a forward. He has played for Chelsea in the FA Cup. He won the Golden Boot at the 2011 U-20 World Cup, scoring 14 goals in 6 games, and the Football Writers' Association Footballer of the Year award in 2012. Playing style: The most important aspect of a player's performance is his ability to be the man in possession of the ball and generate chances for his teammates. This can be successfully done with one of two styles. The most common and effective are those that involve dribbling and passing. The second most common and most effective method is technical skills and long passing. When working out where to pass, understanding the players running in behind him is important, but his feet must also be able to move quickly and with purpose in the other direction. A good passer rarely misses. When creating chances, the player must be quick and have good vision. His feet must also be able to move swiftly and with purpose. When they do, opportunities for goal scoring open up. Apart from his technical ability, the best players also have excellent skills in the air, which makes them a better aerial threat. He can be a crucial player at set-pieces, particularly a target for corners and free-kicks. He must also understand that he has a job to do and be willing to do it, despite the public's misconception of him. Fifa 22 Activation Code reveals where Javier Hernandez stands among the world's current top soccer stars. FIFA 22 places Hernandez at number 15 in the FIFA Top 100 Players for the first time in the history of the franchise. He is the 7th best striker, giving him a very respectable place in the list. Barcelona striker Lionel Messi was crowned as the best player in the world in FIFA 21, so it will be interesting to see if Hernandez can break this record. What does Hernandez bring to the team? He has always been regarded as a goal machine and with a cool head on his shoulders. He is not the most energetic player on the pitch, but when he gets the ball at his feet, it can be a goal beater. His pace and strength is above average for a player of his size, as is his work rate. Javier Hernandez is a great drib
