THE NEW FANTASY ACTION RPG TO BREATH NEW LIFE INTO THE HISTORY

OF FANTASY

And Establish THE NEW FANTASY as the World's Next Action RPG

THE NEW FANTASY is an online action RPG featuring the character creation system, which allows you to create a powerful hero from various races and classes. As you become more powerful, you can enjoy the thrill of exploring a wonderful world where there are always exciting battles to be had and monsters to defeat. Take on the role of a hero and delve into a fascinating fantasy world beyond your imagination.

Explore a world full of exciting things, free from the trash that is common to current fantasy worlds. Allow yourself to be guided by the grace that you find in yourself. Become an Elden Lord and lead your party into a daring adventure. Do not be misguided by feats of strength, for your strength will not save you. Your grace will be the key to your success.

THE NEW FANTASY will let you gain such a grace for yourself. But the greater the grace that you gain, the more powerful you become. In a very short period of time, you may drift into the middle of the story and be faced with a hopeless struggle to acquire one last chance at redemption. What will you do?
