"Even in a fantasy game, we want you to feel that the fate of the world is hanging in the balance, and the world is divided into those who are brave and strong, and those who are weak. But you, the player, decide what fate will be in this world." - System Designer, Taro Yoko. "The Elden Ring is a game of exerting your will. It is not a game where you are forced to work, but rather one that lets you feel the thrill of achieving a worthy goal, and the sense of pride when you had a hand in it. Additionally, we've chosen to create a world where the fate of an entire world is in your hands. The Elden Ring will bring the game to life on a whole new level." - Yosuke Matsuda, Producer. "The Elden Ring will feature a turn-based battle system that makes the game easy to play, but challenging to master. We're also building a world with strong charm and atmosphere, and making the characters so that you can enjoy the game while feeling that you're living in that world. I'd like you to enjoy this game together with your friends." - Koichi Ishii, Creative Director. "Hey, we've tried to create a game that is both simple to learn and easy to enjoy. We also have created a story that you can experience from different perspectives. As an action game, it's our most ambitious title yet, and we'd be happy if you looked forward to it." - Yusuke Hayashi, System Designer. CONTENTS: -- Introduction -- How to Play -- Acquiring Equipment -- The Playable Characters -- Customization -- Online Play -- History of Elden Ring Game Praise for Elden Ring Game RPG-Master: The system has fast-paced action, but also makes it possible to have a deep battle. There's a lot of fun in this game. Genius Adventure Magazine: The game encourages a more active role in battle than any other RPG I've tried before. The combat system has a lot of good points and the characters are fun to play. Shepherding Assistant: Elden Ring Game is one of the few RPG games that I think are fun to actually play.
