+ This is a Fantasy Action RPG in which you play the protagonist as one of the seven Elden Lords in the Lands Between. + There are numerous maps, and the three-dimensional dungeons are vast. + The monsters you encounter change depending on each map. + The relationships between the characters change as well. + The tactics and skills you develop change the gameplay. + In the game, the game setting, which we call the Lands Between, is changing in real time. There are many different story scenes in parallel, as well as full-scale battles, and many other scenes as well. + The selection of protagonists is limitless. + As a result, the battle system is more dynamic than in previous titles. + Asynchronous online play (PvP: Player Versus Player, and we will add more) - Unlike previous titles, where the players were divided into factions, you are all "one-person army" at once. ABOUT HEXSPARK: + A Game Developer / Publisher with over 30 years of experience + We have a team of over 40 developers (Currently 13) + Our studio is located in Gunma Prefecture, Japan. + We develop content with a focus on the overall quality. + We put a lot of time and energy into polishing the details. SPRITE SYSTEM: With the addition of as many details as possible, the graphics of Hexspark will appear beautiful even in VR. Currently three types of character, which are an Armored Knight, Sword Saint, and Archer Part of the battle system is dynamic, which can change depending on the situation In battle, there are many variations of the movement of the characters on the fields Advanced damage animation that are finely designed In Battle, Spirits appear between the enemies and consume their health in order to attack the enemy [Developer Message] Introducing to you the very first, and most advanced "powered up" version of Hexspark will be released to the public! As you can see, the quality of the graphics and the quality of the motion are higher than the previous versions. We took all of your feedback into consideration, and tried our best to improve the quality. We put a lot of work into polishing the details of the game. The other things have been changed as well. These changes are to ensure a better user experience. Please play the game, and let us know

The gorgeous graphics, that perfectly blend fantasy and immersion combine with an involving storyline to create a world that feels like you're truly playing in a fantasy world. While a bit vague in terms of plot and characterization, there are plenty of things to do and places to go, all of which are fully realized in stunning 3D. The action RPG genre has expanded, in a big way, since The Legend of Zelda: Breath of the Wild. This game delivers on all of the gameplay elements that made the genre so popular to begin with, but also adds enough in the way of new things to keep things fresh. It's the kind of experience that feels like it will offer you long-lasting fun, even if you've played this kind of game before. For some, there will be a feeling of déjà vu at times with this game. In fact, that experience is somewhat par for the course for one of the most classic action RPGs of all time. The setting, characters and interface are all familiar, and there's no guarantee that you'll find anything new here. However, for those who have been a fan of the genre and how it's evolved since The Legend of Zelda: Breath of the Wild, you can look forward to a truly memorable experience. It's also fun just to see how much this game expands upon the world of Link's Breath of the Wild in order to show a new side to the story of the series. Even if you're not one to regularly play action RPGs, we're sure that you'll be glad you gave this one a try. There's so much to do and see, and it'll keep you engaging with the world for quite a while. Conclusion Rise, Tarnished is a solid entry to the huge action RPG genre and it shows why it's no slouch in the genre. Rise, Tarnished is a fun, deep and surprisingly dark addition to the series. And if you're looking for something with a high degree of difficulty, you'll find it here. Rise, Tarnished is accessible and fun, just bff6bb2d33
